

WHY AN ART AUCTION?

An Art Auction is more than just a successful way to raise funds for your non-profit organization, service club or foundation. It is also an exciting, entertaining and impressive social event that can be personalized to meet the needs and tastes of your audience. Since 1984, Edissi Fine Arts has helped hundreds of groups across Canada raise money and visibility through successful Art Auction Fundraisers. In fact, as a fundraising solution, we have got it down to a fine art!

Let the experts at Edissi Fine Arts help you organize and facilitate your successful fundraising Art Auction event. Our extensive inventory of quality artwork includes framed and signed originals and limited editions, sculpture and indigenous art – all in a variety of media. There is something for every taste and price range.

Art is practical, enjoyable and always a good investment. When your Art Auction event is over, you will have raised funds and awareness for your cause, and patrons will have something beautiful and tangible in return for their support.
